

Jamie Evans

Landowner

J Evans / AT & AG Evans

MMCCC MEMBER PROFILE

I am a proud 5th generation mallee farmer operating a self-replacing merino flock, prime lamb production and cereal crop for grain and hay alongside my parents and with my partner at our Mindarie properties in South Australia.

Our properties run alongside the Murray Zircon mining operations with various Miscellaneous Purposes Licenses / Mineral Leases running across our land. We also live within close proximity to the current processing plant.

I am currently the Galga CFS Lieutenant and a member of the Mallee Group CFS. I also support many other various local groups and committees as an active member.

As a member of the Murray Mallee Community Consultative Committee (MMCCC) my goal is to try and help bring a community voice to Murray Zircon on issues such as local roads, emergency services etc.
